KLARA Cash Drawer

## Mini Cash Drawer

The reliable cash drawer for you.

The surface is made of durable, high-quality plastic, which is stainless and safe to handle.

Same capacity, reduced volume (by 22.5%) compared with traditional small cash drawers.

Opens smoothly with a single button press.

With wide-area voltage driven design it suits to 9V/12V/24V cash register output voltage.

Provides a neat workspace with a cable storage compartment on the top.

The drawer features reinforced steel clips with durable ABS coating for noise reduction.

The drawer opens automatically for cash sales.

### Benefits

**Load capacity up to 10 kg**

**Designed for heavy-duty use**

**Open interfaces**

**Customizable safety reminder**

**Three positions lock design**
